

Recertification & Repairs

To Maintain your device warranty and ensure compliance with safety standards, all devices must undergo an annual recertification.

To make the service fast and make sure you get your device back ASAP we wish that you fill in this form. If you have any questions, don't hesitate to contact us.

If you had any problems with your device don't forget to tell us before we start service. This to make sure you get your device back asap.

Service include following:

We Will:

- Take apart your device, ○ clean the interior ○ inspect parts for wear.
- Do all testing according to Headrush standards
- Inspect the webbing and carabiner.
- Test the unit to make sure it performs to Headrush standards.
- Repackage, remember to save the original box. If you don't have it we can send you a new one. This to make sure the unit not being destroyed during transport.
- When service is paid we will order shipping and return your device.

Next step:

- Fill in the Form below, and send to us at info@ziplineeurope.com
- Shipping ○ Let us know if you want us to order take care of all shipping, we will check dates that suits you and send you label that you attach to your boxes.
 - If you send it, use our address as below.
- Please remove all carabiners, mounting chain, pins, etc. from the unit before sending. We are unable to ensure they will be returned.

Note: We will automatically replace any webbing, nozzles or other non-warranty parts deemed damaged or excessively worn. The cost of the new parts will be invoices after service. You will receive an itemized receipt with information also on the Inspection report what has been replaced and why.

We are not allowed to send a unit back into the field with defective parts and are obliged for safety to change them.

When we received fully payment for service and any shipping cost we will send your unit/s back.
